Travel Notifications

If you plan to take a vacation or travel outside your normal debit or credit card usage area, or across state lines, please contact CFCU so that we may place a travel notification on your card to prevent a possible block. (Falcon Fraud, also known as Card Monitoring Service, will put a temporary block on your Visa card if they are alerted of any unusual activity on your account.) This is to protect you as a consumer. You can submit notifications by calling (575)742-3700 or by sending a secure message through online banking.
