## A Message from the CEO...

Back in the day, my folks owned an auto parts store located on the major highway a few miles out of a sizeable city. I used to pick up extra pocket cash by hanging out in the store on weekends and snagging minor mechanic jobs like fan belts and alternators, but I digress. Even though thousands passed by every day during their daily commute, few ever stopped and became regular customers. The popular thought was they didn't think a small, independent store could be competitive with the big boy stores in town. Wow, were they wrong, but only a few hundred commuters ever found out because they bothered to stop and check out the prices and experience the personalized customer service.

I feel many folks around here may feel the same way about Cannon FCU. How can the local guys possibly compete with the multi-billion dollar big boy shops available in town and online? I'm not sure I can explain how but I can prove that we are very competitive in every product and service line we offer. If you're already a member, you know this so help us get the word out to friends, family and co-workers. It doesn't cost a thing to compare rates and I believe you'll (they'll) be happy you (they) did.

Remember, every aspect of our operation points to Clovis where all management and operational decisions are made.

To our loyal members, thank you for choosing to do business with Cannon FCU where we offer

A Better Way to Bank!

Check six,
