Monday, July 5th

#### Labor Day

All offices will be closed  
Monday, September 6th

## A Message from the CEO...

As we head into the second half of the year, there is a great sense of hope. Summer has made its official arrival, and it feels like things are slowly getting back to normal.

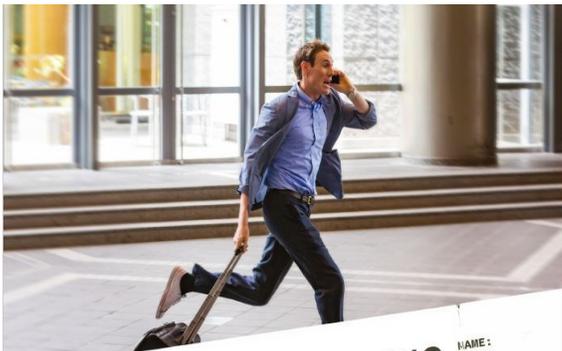

At CFCU, our members have always been at the heart of what we do. Every plan, every decision— they all start by considering how it will impact you and your financial experience. We will continue to listen and respond to your needs in order to provide you with the best possible service. We are so thankful to have you as a member.

Have a safe and happy summer!

Sincerely,

**Heather Fowler**

### Travel Notifications

If you plan to take a vacation or travel outside your normal debit or credit card usage area, or across state lines, please contact CFCU so that we may place a travel notification on your card to prevent a possible block. (Falcon Fraud, also known as Card Monitoring Service, will put a temporary block on your Visa card if they are alerted of any unusual activity on your account.) This is to protect you as a consumer. You can submit notifications by calling (575)742-3700 or by sending a secure message through online banking.

Traveling can be a real hassle, especially during the busy season. The good news is that your credit union is part of Shared Branching, a national network of credit unions that make their branches available to you as a member. You can stop in and do transactions such as withdrawals, deposits and transfers at any of these branches - over 5,600 in all 50 states.

Download the app "Shared Branch" to find a location near you.

# Members, for your info.....

*Promotions end on July 31, 2021 and the drawing will take place on August 2, 2021.*

## **Scams:**

### **Take a Breath and Slow Down**

Scams often begin with a call, text message, or email. The scams may vary, but work the same way. The scammer pretends to be someone you trust, often a government agent, family member, love interest, or someone promising to fix your computer. They sound urgent and try to make you panic. Once your guard is down, they convince you to send them money or share personal information.

Scammers may ask you to wire money, send them a gift card, or send cryptocurrency.

If you receive an urgent communication like this, take a breath and slow down. Never give out any personal information over the phone. Don't hesitate to contact CFCU if you feel you are being scammed or have any questions.

Are you interested in becoming a part of our Supervisory Committee?

Please send a letter of interest to:
